RE: *Connect America Fund*, WC Docket No. 10-90; *Lifeline and Link Up Reform and Modernization*, WC Docket No. 11-42 - **Correction to FCC Form 481 - Cumby Telephone Cooperative, Inc.**

Dear Ms. Dortch:

Cumby Telephone Cooperative, Inc., (the Cooperative) Study Area Code 449004, found an error on its Attachment (Line 700 Voice Rate Data) reported in the FCC Form 481, filed at the Commission on July 1, 2014. The Cooperative is enclosing the cover letter and the FCC Form 481 with the corrected Attachment previously filed at the FCC in accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422.

The Attachment has also been refiled with the USAC and the Public Utility Commission of Texas.

Please contact me if you have any questions.

Sincerely,

Lisa A. McLaughlin
 Authorized Representative for
 Cumby Telephone Cooperative, Inc.

RE: **REQUEST FOR CONFIDENTIAL TREATMENT** - *Connect America Fund*, WC Docket No. 10-90;
Lifeline and Link Up Reform and Modernization, WC Docket No. 11-42

Request that Information Submitted to the Commission be Withheld from Public Inspection
Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Service Outage reporting included in
FCC Form 481

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Cumby Telephone Cooperative, Inc. (the Cooperative), Study Area Code 449004, is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket Nos. 10-90 and 11-42. The Cooperative, by its authorized representative, hereby requests confidential treatment of information provided in the Service Outage Reporting (Voice) section of its FCC Form 481. The request for confidential treatment of the service outage reporting is being made pursuant to Section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). This attachment contains competitively sensitive data that Cumby Telephone Cooperative, Inc. maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Cooperative.

Service Outage Reporting (Voice)

Pursuant to Section 0.459 of the Commission's rules and Exemption 4 of FOIA, Cumby Telephone Cooperative, Inc. requests that the data extracted from its Service Outage Reporting (Voice) be withheld from public inspection because it contains competitively sensitive commercial information that the Cooperative keeps confidential. Public availability of this information would have a substantial negative impact on the Cooperative.

In accordance with Section 0.459 of the Commission's rules, the following information is provided in support of this request:

(1) Identification of the specific information for which confidential treatment is sought:

Ms. Marlene Dortch
July 1, 2014
Page 2

Attachment to Line 200 of FCC Form 481 - Service Outage Reporting (Voice). Confidential treatment is sought for all information pertaining to network outages in the Service Outage Report specifically related to the Company's access line counts.

- (2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket Nos. 10-90 and 11-42 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 200 requires eligible telecommunications carriers to report outage information of at least 30 minutes in duration for each service area pursuant to 47 C.F.R. §54.313(a)(2).

- (3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The service outage information contains access line information which could cause harm to the competitive position of the Cooperative. Required information contains closely guarded, privileged information that the Cooperative does not make publicly available.

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Voice service is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless providers. Most RLECs also face competition from at least one other wireline voice provider such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite providers.

- (5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the outage reporting would provide competitors with detailed information regarding the Cooperative's access line count. This would give competitors confidential information which could bring substantial competitive harm to the Cooperative.

- (6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Cooperative has continually treated access line counts such as those provided in the service outage reporting as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

- (7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

- (8) The redacted information in the service outage reporting is not available to the public, and third party access is limited as described in (6) above.

Ms. Marlene Dortch
July 1, 2014
Page 3

- (9) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Cooperative requests that the extracted information from the service outage submission be withheld from public inspection indefinitely due to the ongoing competitive harm it may cause.

- (10) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

The page containing the Service Outage reporting confidential submission bears the legend, "CONFIDENTIAL - NOT FOR PUBLIC DISCLOSURE."

Two copies of the Form 481 filing in redacted form and an accompanying cover letter are also being provided with the confidential filing. The redacted filing and accompanying cover letter is marked "REDACTED - FOR PUBLIC INSPECTION."

Two copies of this cover letter and the Form 481 filing with the confidential information are also being delivered to Mr. Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau.

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as an attachment to the FCC Form 481.

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings.

A copy of the FCC Form 481 is also being submitted to the state regulatory commission pursuant to §§ 54.313(i) and 54.422(c).

Please contact me if you have any questions.

Sincerely,

Lisa A. McLaughlin
Authorized Representative for
Cumby Telephone Cooperative, Inc.

LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Cumby Telephone Cooperative, Inc. (the Cooperative) complies with applicable service quality standards and consumer protection rules as required by the state regulatory commission and the Federal Communications Commission.

The rates, terms, and conditions under which the Cooperative operates are outlined in its Local Services Tariff, which is approved by the Public Utility Commission of Texas (PUCT). The Cooperative's tariff contains provisions regarding its customer service and protection practices, including resolving disputes with the Cooperative, applying for service, the classification of business and residential rates, deposits, billing and payment for service, refusal, disconnection and cancellation of service. The tariff is available for customer review in the Business Office, as requested. Rates and terms of service are disclosed to customers upon application for service both verbally and in writing as part of a packet of information for new customers. Rates, applications and certain terms of service are also available on the Cooperative's website.

Service quality standards for voice service are established by the PUCT and the Cooperative consistently meets or exceeds the standards and provides reports to the PUCT, in accordance with the state commission's rules.

With regard to broadband service, the Cooperative provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a "best effort" service and are dependent upon a number of variables, many of which are outside the control of the Cooperative.

Finally, the protection of customers' privacy and information is of utmost importance and the Cooperative has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information Rules (47 C.F.R. §§64.2001-64.2011). Certification and a description of those operating procedures are filed at the FCC annually.

LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Cumby Telephone Cooperative, Inc. (the Cooperative) is able to function in emergency situations. The Cooperative has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are supplied at the central office, remote switch sites, and repeater sites to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Cooperative is able to reroute traffic around damaged facilities. Although the Cooperative's ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.
